RE: Acceptance of Quotes for Joint Traffic Paint/Beads Purchase with City of Lafayette

The Street Department in conjunction with the City of Lafayette has accepted the lowest quotes received for traffic paint and glass beads. Sherwin-Williams of Lafayette provided the low quote for traffic paint at \$46.00 per 5-gallon pail for white paint and \$46.00 per 5-gallon pail for yellow paint. MGI provided the low quote for traffic beads at \$0.49 per pound. The department will be purchasing approximately 700 gallons of white traffic paint, 1,700 gallons of yellow traffic paint and 6,000 pounds of traffic beads.
